

John Warman

27-03-1939

07-10-2020

At his 80th birthday party, John's own speech included a slide show of his life. This can be seen on the memorial website which will remain online until the end of this year: www.memori.nl/John-Warman.

After a long battle with what turned out to be a rare skin disease, John died on 7 October 2020. A year later we have placed John's ashes in a small grave in Jaffa Cemetery in Delft, the city that was our home for 50 years. The cemetery is near to the university institute that was such an important part of his life.

John is sorely missed by his family and many friends and colleagues. His humour and warmth were unique. We want to thank everyone for all the kind words, great stories and generous deeds that followed in the days and weeks after John passed away.
